PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building responsive, high-performance web interfaces using HTML5, CSS3, JavaScript (ES6+), and modern technologies like Firebase. Delivered production-ready web applications, including AI-powered educational tools and PWA emergency apps, integrating Firebase and REST APIs. Skilled in cross-browser compatibility, Git-based collaboration, and translating designs into clean, maintainable code that improves performance and user experience.

SKILLS

Languages & Markup: HTML5, CSS3, JavaScript (ES6+)

Layout & Styling: CSS Grid, Flexbox, Responsive Web Design, Tailwind CSS, Sass/SCSS, Bootstrap

Backend & Database: Firebase (Firestore, Authentication)

Tools & Platforms: Git & GitHub, Figma, Vercel, VS Code, Postman

Practices: Cross-Browser Compatibility, DOM Manipulation, Web Performance Optimization, Progressive Web Apps (PWA)

PROJECTS

M&H; Editor Pro - AI-Powered Exam & Assessment Platform [Live Link]
Tech Stack: HTML, CSS, JavaScript, Firebase

- Developed a web-based platform used to create, format, and manage 100+ professional exams and educational content sets.
- Built an advanced Bubble Sheet Generator supporting 5+ customizable layouts, multiple columns, answer formats, and exam versions.
- Integrated an AI-powered question-generation assistant that cut manual question-writing time by an estimated 40%.
- Developed a scientific text editor supporting tables, images, mathematical equations, and symbols.

Family SOS Pro - Emergency Mobile Application [Landing Page]
Tech Stack: HTML, CSS, JavaScript, Web APIs (Sensors & Geolocation)

- Developed an emergency Progressive Web App (PWA) featuring shake detection, SOS alerts, siren, and flashlight functionalities.
- Integrated emergency contact APIs and location services to enhance personal safety and quick response.

Camp Session Management Dashboard
Tech Stack: HTML, CSS, JavaScript, Firebase

- Developed an interactive web dashboard for camp session management and tracking.
- Implemented real-time Firebase Firestore synchronization for session timers, student progress, and team tracking.

Personal Developer Portfolio [Live Link]
Tech Stack: HTML, CSS, JavaScript, Tailwind CSS

- Designed and deployed a responsive portfolio website showcasing web development projects.
- Utilized Vercel and GitHub Pages for hosting, optimal performance, and continuous integration.

Responsive Weather App
Tech Stack: HTML, CSS, JavaScript, Open-Meteo API

- Designed and developed a dynamic web application integrating the Open-Meteo API to display live weather, time, and date.

Lugx Gaming Clone (Game Store Website)
Tech Stack: HTML, CSS Grid, JavaScript

- Developed a complete front-end for a digital game store, rendering 20+ game cards using advanced CSS Grid layout techniques.

EXPERIENCE

Coding Instructor (Part-Time) | EYouth Digital Egypt Cubs Initiative (DECI) **08/2026 – Present**

- Deliver coding and computer science instruction to 30+ middle and high school students (ages 12-18) under an MCIT-backed initiative.
- Designed and taught 20+ structured lessons in programming fundamentals, logical thinking, and IT concepts, contributing to a 15% average improvement in student assessment scores.
- Tracked and evaluated progress for 30+ students, providing 1:1 mentorship that helped raise course completion rate above 90%.

IT & Coordinator (Part-Time) | COMPUSOFT - Digital Egypt Cubs Initiative (DECI) **05/2026 – 08/2026**

- Provided technical support for 50+ PCs, laptops, printers, and IT equipment across training labs, maintaining over 95% equipment uptime.
- Diagnosed and resolved hardware, software, Windows, and driver issues across 40+ support tickets, cutting average resolution time by 20%.
- Configured and maintained 10+ routers, switches, and access points, resolving LAN/Wi-Fi/Internet connectivity issues.
- Installed and configured operating systems, applications, drivers, and updates on 50+ machines ahead of each training cohort.

EDUCATION

Bachelor's Degree in Management Information Systems | Thebes Higher Institute Maadi, Cairo **2022 – 2026**

GPA: 3.23/4.0

Relevant Coursework: Information Technology, Computer Science, Java Programming, Information Systems Strategy.

CERTIFICATIONS & PROFESSIONAL TRAINING

Certificate of Experience - Web Development & UI/UX Program | CompuSoft Company (Ref: CS-EXP-2026-142) **04/2026 – 05/2026**

- Mastered Advanced Responsive Layouts, UI/UX Interface Design (wireframing & interactive prototyping), Content Management Frameworks (WordPress), and Freelancing/Remote Work Infrastructure.

Web Design Practical Course - Level 3 (40 Practical Hours) | MASA for Training and Consulting **07/2025 – 09/2025**

Web Design Practical Course - Level 2 (40 Practical Hours) | MASA for Training and Consulting **08/2024 – 09/2024**

Web Design Practical Course - Level 1 (40 Practical Hours) | MASA for Training and Consulting **07/2023 – 08/2023**
