PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building responsive, high-performance web interfaces using HTML5, CSS3, JavaScript (ES6+), and modern technologies like Firebase. Delivered production-style web applications integrating REST APIs, real-time databases, and CSS Grid/Flexbox layouts. Skilled in cross-browser compatibility, Git-based collaboration, and translating designs into clean, maintainable code that improves performance and user experience.

EXPERIENCE

Coding Instructor (Part-Time) **08/2026 – Present**

EYouth Digital Egypt Cubs Initiative (DECI)

- Deliver coding and computer science instruction to 30+ middle and high school students (ages 12-18) under an MCIT-backed initiative.
- Designed and taught 20+ structured lessons in programming fundamentals, logical thinking, and IT concepts, contributing to a 15% average improvement in student assessment scores.
- Tracked and evaluated progress for 30+ students, providing 1:1 mentorship that helped raise course completion rate above 90%.

IT & Coordinator (Part-Time) **05/2026 – 08/2026**

COMPUSOFT - Digital Egypt Cubs Initiative (DECI)

- Provided technical support for 50+ PCs, laptops, printers, and IT equipment across training labs, maintaining over 95% equipment uptime.
- Diagnosed and resolved hardware, software, Windows, and driver issues across 40+ support tickets, cutting average resolution time by 20%.
- Configured and maintained 10+ routers, switches, and access points, resolving LAN/Wi-Fi/Internet connectivity issues.
- Installed and configured operating systems, applications, drivers, and updates on 50+ machines ahead of each training cohort.

CERTIFICATIONS & PROFESSIONAL TRAINING

Certificate of Experience - Web Development & UI/UX Program **04/2026 – 05/2026**

CompuSoft Company for Information Technology Sciences (CITS) | Ref: CS-EXP-2026-142

- Mastered Advanced Responsive Layouts, UI/UX Interface Design (wireframing & interactive prototyping), Content Management Frameworks (WordPress), and Freelancing/Remote Work Infrastructure.

Web Design Practical Course - Level 3 (40 Practical Hours) **07/2025 – 09/2025**

MASA for Training and Consulting

Web Design Practical Course - Level 2 (40 Practical Hours) **08/2024 – 09/2024**

MASA for Training and Consulting

Web Design Practical Course - Level 1 (40 Practical Hours) **07/2023 – 08/2023**

MASA for Training and Consulting

KEY PROJECTS

M&H Editor Pro - AI-Powered Exam & Assessment Platform **Web Application**

- Developed a web-based platform used to create, format, and manage 100+ professional exams and educational content sets.
- Built an advanced Bubble Sheet Generator supporting 5+ customizable layouts, multiple columns, answer formats, and exam versions.

- Integrated an AI-powered question-generation assistant that cut manual question-writing time by an estimated 40%.
- Developed a scientific text editor supporting tables, images, mathematical equations, and symbols.

Camp Session Management Dashboard **Interactive Web Platform**

- Developed an interactive web dashboard for camp session management and tracking.
- Implemented real-time Firebase Firestore synchronization for session timers, student progress, and team tracking.

Family SOS Pro **Emergency Mobile Application**

- Developed an emergency application featuring shake detection, SOS alerts, siren, and flashlight functionalities.
- Integrated emergency contact APIs and location services to enhance personal safety and quick response.

Personal Developer Portfolio **eyad2022.github.io**

- Designed and deployed a responsive portfolio website showcasing web development projects.
- Utilized Vercel and GitHub Pages for hosting, optimal performance, and continuous integration.

Responsive Weather App **Web Application**

- Designed and developed a dynamic web application integrating the Open-Meteo API to display live weather, time, and date.

Lugx Gaming Clone (Game Store Website) **Front-End Project**

- Developed a complete front-end for a digital game store, rendering 20+ game cards using advanced CSS Grid layout techniques.

EDUCATION

Bachelor's Degree in Management Information Systems **2022 – 2026**

Thebes Higher Institute Maadi, Cairo

GPA: 3.23 / 4.0 | **Student Code:** 202200674

Relevant Coursework: Information Technology, Computer Science, Java Programming, Information Systems Strategy.

SKILLS

Languages & Markup:	HTML5, CSS3, JavaScript (ES6+)
Layout & Styling:	CSS Grid, Flexbox, Responsive Web Design, Sass/SCSS, Bootstrap
Backend & Database:	Firebase (Firestore, Authentication)
Tools & Platforms:	Git & GitHub, Figma, Vercel, VS Code, Postman
Practices:	Cross-Browser Compatibility, DOM Manipulation, Debugging, Web Performance Optimization

LANGUAGES

Arabic:	Native Speaker
English:	Intermediate
